

# 18<sup>th</sup> SILICON SAXONY DAY

**CONNECT.EXCHANGE.GROW.**

Tuesday, 11 June 2024  
International Airport Dresden, Germany

The 18th Silicon Saxony Day on 11 June 2024 marks the return of one of Europe's most important high-tech and networking events. More than 500 international participants will meet at Dresden Airport to exchange ideas on top industry-relevant topics and to network intensively.

The entire event is dedicated to cross-sector and interdisciplinary exchange. An open room concept with a main stage and four topic-specific technology islands, as well as the varied programme of keynotes, expert discussions, panels, best practices, and demonstrators, will provide a visionary and at the same time practical insight into the conference's focus topics.

## TOPICS

- Autonomous Systems
- Smart Wireless Solutions
- Digital Health & MedTech
- Artificial Intelligence
- Cloud Transformation
- Cybersecurity
- Product Development
- Sustainability & Green Transition
- Strategic HR Development
- Talents, Skills and Targeting Gen A

## WHAT TO EXPECT

- Unique insights into future technologies as well as concrete solutions in the fields of software, microelectronics, smart systems and talents
- Networking with over 500 international experts and executives from business, industry, and research
- One of the largest high-tech communities in Europe
- Food, drinks, and the beautiful city of Dresden

***BOOK YOUR TICKET HERE!***
